EDITORIAL

When we have basketball games or any other kind of sports, the kids always boo the other team whether they're good or not. So when other teams come to play us, we would appreciate it if our kids would not boo at the cheerleaders or the players, whether the opposing team boos or not.

HANDCRAFT

By Gerald Scherf
I want to tell you about the handcraft we are doing. January 7th we started to build airplanes. We are building the 25¢ kind. Some of them are turning out pretty well, but others are just winding up in the trash can. We are also braiding plastic things such as bracelets, key chains, whips, necklaces, and many other things. Mrs. Miller is in charge of this, so if you are interested in any of this, see her. If you come to school some day and get a haircut don't be surprised: it will be just a fast-going airplane.

The December 19, 1952, P. T. A. meeting was held in the school auditorium. Several numbers were played by the school band. Milo Hauzer played a solo on his saxophone. The Girls Glee Club sang Christmas songs, accompanied by Miss Mary Barnes. Mrs. Miller and Mr. Lewis presented a violin and flute duet. A film of the birth and early childhood of Jesus was shown. Refreshments were then served.

The next P. T. A. meeting will be held February 12, 1953, also in the auditorium. Interesting travel pictures are to be shown. Several musical numbers will be on the program. Light refreshments will be served after the meeting.

CHRISTMAS PROGRAM

By Vonalee Riegsecker

On December 23, we had our Christmas program. All the children went to the auditorium and saw some movies. After the movies were over we sang Christmas Carols. Then Santa passed out our treats. After that we came back to our rooms, where we opened our presents. By the time the gifts were opened and admired, the buses were ready to take us home.

Some of the boys took their wood burners and burned pictures on the covers. Mrs. Miller gave us work sheets about U. S. history, which we filled out and put in our note-books.
